whole building & the site opposite to
it to the Police Dept. for the purpose
of housing the City Police as far as
possible. There is really no need
for any hotel houses in that locality.
All the necessary improvements
in the kitchen buildings in which
the building in question is situated have
been effected & the displaced population
now sit & house in the Police
barracks. From its very situation,
it is very important that the building
shall be open to such people as
can be properly looked after by our
authorities. This will not be possible

(17) The need for Police barracks is
indeed very pressing & we cannot
do better than place this building
in the hands of the Government of India.
~~The~~ Public purpose must
take precedence of private con-
venience. It is after all for
M. funds that the property has been
purchased & the alliance of the T.B.
in the matter is indeed astounding.
There are heaps of land in the
hands of the city where the T.B.
can build model houses for sale
to private individuals, if they will
be allowed to carry out this scheme
at all - The tone of the Chairman's letter
is not free from objection & should be pointed out,
I think.

SECTION Police
FILE No. 183-14
SERIAL NO. 1

Sir,

7CP
Adverting to your letter No.J.1869-Police.56-14-2 dated the 17th December 1914, regarding the reservation of the present Silledar Lines at Mysore City for the use of the Mysore City Police I have the honor to request that, if it is not possible to make available for the present the Silledar Lines for the Police, the Body Guard Lines may kindly be given over for Police requirements.

2. The Mysore City Improvement Trust Board, I understand contemplate using the said Body Guard Lines for constructing certain model buildings and rent-free houses, purely private concerns while the requirements of the Police are in the interests of Public Service for public safety. The said Lines and the adjacent grounds admirably answer our purposes and would go a great way to minimize the great drawbacks and difficulties the City Police are now undergoing, as ^{has} already been brought to the notice of Government in several of my previous communications which need no reiteration.

3. There are in almost all parts of the City several small pieces of vacant sites and grounds, practically the property of Government or the Municipality, which can all be well conserved

surroundings rendered sanitary and tidy and the spots utilized, with greater advantage, for construction of model buildings &c in several portions of the City, serving the object of demonstration infinitely better than having a line of buildings in any one out of the way locality, which it would be such a task for the people to visit; while with our further extensions of the City and incidental augmentation to the Force, it would be so very difficult and practically impossible to find any convenient central locality to house at least a fair proportion of the Force in one place, which is so imperatively necessary to meet emergencies and unforeseen demands in the capital of the State.

21/11 4 I have also pointed out in para 1 of my letter No.C.51
 Pol 56-14-1 dated the 12th October 1914, how the City Police Force are now labouring under a great disadvantage for want of a suitable drill and parade ground, the men having to walk from various parts of the Town, several miles to the public offices compound, for their drill &c, and back again to their stations every day, which makes them quite unfit for any other duties the rest of the day.

5. Under these circumstances in the interests of the utility and efficiency of the Police Force, which cannot be otherwise maintained, but perforce are considerably impaired at present, I solicit that you may be so good as to obtain the early orders of Government to arrange to acquire for the time being, the said Body Guard Lines and the surrounding grounds for the Police Force who have to maintain peace and order in this expanding City.

I have the honor to be,

sir,

Your most obedient servant,

S. K. V. Narayan

SIR,

With reference to your letter No. J.3027/Police 183-14-2 dated the 6th March 1915, calling for the views of the Board in the matter of the acquisition of the Body Guard Lines and the surrounding grounds for the Mysore City Police, I have the honour to state that the subject was brought before the Board of Trustees in their meeting dated the 30th March 1915. It was discussed under various aspects but no definite and unanimous conclusion could be arrived at. Though the sense of the discussion was to preserve the property for the original purpose for which it was acquired by the Board, the Trustees have, however, preferred to defer their resolution thereon, pending the ascertainment of the opinion of Government on certain points noted hereunder:

- (1) Whether the Board can at this stage, without any detriment to its working, abandon the furtherance of the scheme for utilising the Body Guard Lines for
